

# **ACHS General Comparison Report**

## **Epping Surgery Centre**

**Organisation Code: 120050**

**First Half 2017**

Total number of organisations for the selected category submitting data for this set for First Half 2017: 152

CI No	Indicator Number/Description	Your Numerator	Your Denominator	Your Rate	99% Confidence Interval for Your Rate	Your Expected Number of Events	Number of Orgs Submitting Data 1H2017	Aggregate Rate for These Organisations 1H2017	Outlier	Graph
3.1	Relief of respiratory distress in the recovery period (L)	0	1005	0.000%	(0.000-0.355)	0	112	0.020%		
3.2	PONV treatment in the recovery period (L)	0	1005	0.000%	(0.000-0.355)	2	54	0.245%		

(L) - a low rate is desirable, (H) - a high rate is desirable, (N) - desirable rate is unspecified

% - per 100, \* - per 1,000, ^ - per 10,000, X - mean, M - median

# - Please note: data for this indicator were NOT collected in accordance with the CI User Manual

Lines in bold highlight results where the aggregate rate is outside the 99% confidence interval

Flag indicates where an organisation is statistically significantly 'different' to all other organisations submitting data for that particular indicator and where the result is **undesirably** lower or higher than the expected rate.

Star indicates the organisation is statistically significantly 'different' to all other organisations submitting data for that particular indicator and where the result is **desirably** lower or higher than the expected rate.

The information in this report is to provide assistance to organisations in continuous quality improvement. Responsibility for the accuracy of submitted data lies with the contributing organisation. The ACHS makes every effort to validate the information it receives prior to analysing and publishing results.

Total number of organisations for the selected category submitting data for this set for First Half 2017: 33										
CI No	Indicator Number/Description	Your Numerator	Your Denominator	Your Rate	99% Confidence Interval for Your Rate	Your Expected Number of Events	Number of Orgs Submitting Data 1H2017	Aggregate Rate for These Organisations 1H2017	Outlier	Graph
4.1	Intraocular lens implantation with planning record present at time of surgery (H)	791	792	99.874%	(99.549-100.000)	792	12	99.990%		
4.2	Toric intraocular lens implantation with planning record present at time of surgery (H)	334	334	100.000 %	(98.934-100.000)	334	11	100.000%		

(L) - a low rate is desirable, (H) - a high rate is desirable, (N) - desirable rate is unspecified

% - per 100, \* - per 1,000, ^ - per 10,000, X̄ - mean, M - median

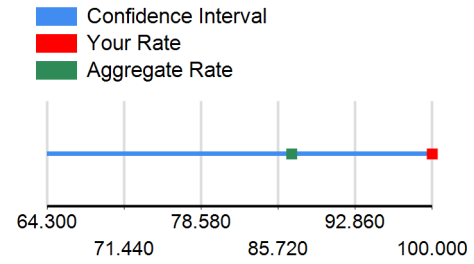

# - Please note: data for this indicator were NOT collected in accordance with the CI User Manual

Lines in bold highlight results where the aggregate rate is outside the 99% confidence interval

Flag indicates where an organisation is statistically significantly 'different' to all other organisations submitting data for that particular indicator and where the result is **undesirably** lower or higher than the expected rate.

Star indicates the organisation is statistically significantly 'different' to all other organisations submitting data for that particular indicator and where the result is **desirably** lower or higher than the expected rate.

The information in this report is to provide assistance to organisations in continuous quality improvement. Responsibility for the accuracy of submitted data lies with the contributing organisation. The ACHS makes every effort to validate the information it receives prior to analysing and publishing results.
